

# OFFICE

## Main functionalities

Database management  
Voucher control  
Reservations  
Offer sending  
Invoice creation  
Full control over the whole system  
Employee tracking  
Statistics and reporting  
Custom Database queries

This management module will simplify your center's organization: accountancy, marketing and sales.

The special system for automatic offers and invoices is very easy to use and part of the whole Customer Relationship Management.

## MORE POSSIBILITIES WITH...

- Point of Sale to get sales reports
